Research is Hope

The Foundation of Hope is the only nonprofit organization in North Carolina dedicated solely to funding scientific research for mental illness. At a time when mental health challenges are rising and research funding remains limited, our work fills a critical gap.

Since 1984, when founders Thad and Alice Eure turned their family's personal experience into a force for change, the Foundation of

Hope has remained committed to advancing discovery and hope. We proudly fund innovative research at the UNC Department of Psychiatry, supporting projects that seek to better understand the causes of mental illness and develop more effective, lasting treatments.

To date, the Foundation of Hope has awarded 221 research grants totaling more than **\$12.1 million in seed funding**. That early

investment has helped researchers secure **over \$291 million** in additional federal and private funding, multiplying the impact of every dollar raised.

Our mission is to conquer mental illness by investing in groundbreaking scientific research and mental health initiatives.

MENTAL ILLNESS TOUCHES ALL

26%
of American adults
(70+ million people)
live with a
mental illness

1 IN 6
children ages 6-17
have a mental,
neurodevelopmental, or
behavioral disorder
Only 50% receive treatment

Nearly
43,000
Americans commit
suicide every year

The generosity of our sponsors make the Evening of Hope and Igniting Hope galas premier, sold-out events that fuel life-changing research for children and adults living with mental illness.
